## Maintain

### EASY TO CLEAN

Quickly remove ink and marker dust from your whiteboard, helping to extend its life.

# We offer lifetime surface guarantee\*

## The Prestige® whiteboards' are made white and stay white

The durable Prestige® magnetic steel and enamel whiteboards are made to last! They offer scratch and chip resistant surfaces that will remain pristine with only occasional maintenance, ensuring you receive the best performance in any environment.

Their wide, brushed aluminium frame in either black or silver has a

sleek, curved profile for maximum visual impact and their clean, contemporary design exudes quality.

The Prestige® whiteboard frame sides and full-length tray are specially designed to securely hold all Prestige® Connex™ accessories, so they can be used in conjunction with your board at a moment's notice!

# DECLUTTER FOCUS ON THE JOB

The **integrated storage** system ensures the accessories you need are always within arms reach.

The convenient marker and eraser caddy keeps dry-erase markers and an eraser directly alongside your whiteboard. The caddy fits into the notches that are built into a Prestige® board frame for a secure hold. The caddy can attach to either the right or left side of the board at any height. Markers and eraser included.

The spacious bulk storage cup is supplied either empty or with one spray bottle of Nobo whiteboard cleaner and a magnetic, microfiber cloth. The cup attaches easily to the frame of a Prestige® board so that you can store it at any height on either the left or right side of the whiteboard.

All your tools at your fingertips

# GREATER CONTROL, BETTER RESULTS

**Precise lines** are effortlessly drawn with the Nobo grid assistants.

The Nobo Connex™ grid assistant allows you to easily draw straight lines, for grids, charts and graphs. A wet-erase marker inserts into the slot on the grid assistant allowing you to quickly and effortlessly draw a perfect, reusable grid on your whiteboard.

Using a dry-erase marker to fill in data provides the ability to erase, update and change information many times while keeping grid lines intact.

Streamlined for your convenience

Using wipes is the fastest, easiest way to keep your whiteboard clean. Store refill wipes in the Prestige® wipes dispenser to prevent them from drying out.

# CLEAN SPACE, CLEAR MIND

Easy to clean with a choice of handy accessories. Maintaining your Prestige® whiteboard is hassle-free.

The 2-in-1 eraser not only excels at keeping your board clean, it gives you two size options to make erasing more convenient. The smaller eraser is perfect for cleaning small areas and attaches to the large eraser to serve as a handle when cleaning larger areas. The Nobo wipes dispenser, which contains a pack

of wet wipes, ensures you always have wipes close to hand to keep your board clean. These moistened, disposable cloths quickly remove ink and marker dust from your whiteboard surface. The reusable caddy closes tightly to keep wipes from drying out.

# EXPANDING YOUR WORKSPACE

There will always be **plenty of space** when using the Prestige® range of workspace expanding accessories.

With our cleverly designed Connex™ extending arm and flipchart hooks you can hang flipchart pads directly next to or over the top of your Prestige® whiteboard. Alternatively, you can choose the cork bulletin bar to reserve your writing space by pinning papers, photos and more from above the board.

- 1 The bulletin bar has a tackable surface, which is made of durable, natural, self-healing cork.
- 2 Simply slide the Prestige® hooks over the top of the whiteboard frame to install.
- 3 The extending arm sits beside the board surface on either left or right.

Freeing your creativity

# New for 2015

Nobo Prestige® range offers the complete office solution. The whole range is compatible with the Prestige® Connex™ accessories. To ensure whatever the task, there's a Prestige® product to meet your needs!

We offer lifetime surface guarantee\*
